# Hello Everyone!

**A**re you as tired of this as I am? As soon as one hurdle is cleared, another is immediately installed. Such efficiency! Let's pull the disconnect handle on the COVID curve ball, and derail the political train wrecks. Somehow we are surviving, but there has to be some hope for 2021.

I was brainstorming with my board member Leslie Yardman who works as a facility manager the Bank of Albuquerque. Since we throw a notoriously successful golf tournament each year, how about planning two for 2021? Depending on the state of COVID-19, perhaps in the spring? And just have a "Golf Tournament Lite" event, a chance for folks to get together for a slice of normal but not the over-the-top shindig we are planning as usual for later in the year.

What do you think? Ready for some fun in 2021?  
Please stay tuned!

**FMANM Vision Statement:** Establish and implement an organization to promote education, information, solutions and opportunities associated with the operations, maintenance, and sustainability of facilities.
